Dear Dr Kirkby

Correspondence from Network Rail

I have finally received a response from Network Rail, a copy of which I have enclosed, with regards to the the late night trains on the Southminster Branch line.

I requested clarification as to why Network Rail kept trains off the branch line at night.

I believe that Mr Stollar has given an explanation as to the reasons way Network Rail have adopted the stance they have and hope that you feel your questions have been answered.

Yours sincerely

Genevieve Ream
